PROFILE

Computer Science (Multimedia Computing) student at Universiti Putra Malaysia (UPM) seeking an internship to apply programming, UI/UX design and multimedia development skills. Academic project experience includes web system design, virtual reality and 3D animation, alongside digital content creation for university activities. Eager to gain practical industry experience and contribute to a professional team.

EDUCATION

Universiti Putra Malaysia (UPM) 2023 - Present
Bachelor of Computer Science (Multimedia Computing) with Honours
CGPA: 3.681 | Dean's List (3 semesters)

Negeri Sembilan Matriculation College 2022 - 2023
Foundation in Life Science | CGPA: 3.92

SMK Lubok China, Melaka 2017 - 2021
SPM: 1A+, 3A, 2A-, 1B+, 1B, 1C+

PROJECTS

Final Year Project: Student Entrepreneurship Development Monitoring System 2026
- Proposed a CEM UPM web platform for business registrations, SSM documents and kiosk applications.
- Designed student/admin workflows for approvals, certificate generation, monthly sales and business progress.

Technologies: Visual Studio Code, Figma, Firebase Firestore

CabyBuddy Student Ride-Booking Prototype 2026
PEDi Industry-Based Digital Entrepreneurship Programme
- Co-created a UPM ride-booking prototype addressing Telegram booking gaps, unverified drivers and safety concerns.

Virtual Reality Application for Obstructive Sleep Apnea (OSA) 2026
SKM3207 Virtual Reality | Blender, Unity
- Developed an immersive VR environment focused on obstructive sleep apnea.

Tujuh Kelopak: Sumpah di Puncak Ledang 2025
3D Animation Project | SKM3204 Computer Graphics and Rendering | Blender, Unity
- Created an original 3D animation from scratch.

EXTRACURRICULAR ACTIVITIES

Girls In Tech Programme 2026
- Industry sharing on cybersecurity, data and AI.

Multimedia Committee Member, Scuba Club UPM 2025
- Created promotional posters, videos and social media content.

JomHack Varsity Challenge 2025
- Participated in a university hackathon focused on innovation and problem-solving.

IT and Technical Committee Member, Little Nemolympic 2.0 2024
- Supported IT and technical operations for a swimming competition.

Photographer and Videographer, Multimedia Club, FSKTM 2024
- Provided photography and videography for faculty activities.

Protocol Committee Member, Volleyball Club UPM 2024
- Assisted with protocol and coordination for the Volleyball Court Revitalisation Programme.

SKILLS

Programming and Web: Java, Python, SQL, HTML, CSS, React
Tools: Visual Studio Code, Eclipse, Git, Google Colab, Firebase Firestore, Figma, Canva, Blender, Unity
Microsoft Office: Word, Excel, PowerPoint
AI: Artificial intelligence, machine learning, natural language processing (NLP), image processing, pattern recognition
Core Skills: UI/UX design; graphic and poster design; video editing; social media content creation; 3D modelling, animation and environment design; virtual reality; computer vision; web development
Soft Skills: Teamwork, collaboration, communication, problem-solving, creativity, adaptability, time management
